1

**Distingue información general y específica en textos de opinión y discusiones orales y escritos sobre temas conocidos.** Para esto, responde a las preguntas ¿de qué trata el texto? y ¿cuál es el enunciado más importante que el autor hace acerca del tema? Por ejemplo, al leer un texto resalta las ideas de cada párrafo y los detalles que las sustentan.

Letter to the editor: Tattoos.

Dear editor,
I do not understand what is happening with young people these days!! More and more often I see them with tattoos on their arms, their legs, and some on their necks. This younger generation does not know the risks of tattooing. There is the risk of long-term effects of illnesses and infections that could be created by dirty needles. Besides it is very painful to remove the tattoo if they change their mind. Anyway, I will never let my children get a tattoo!

"In this article, the writer says that tattoos are bad for young people because they do not understand the risks. She thinks tattoos are not good and will never let her children get one".

2

**Explica las ideas de un texto oral o escrito acerca de temas de su interés o que le son familiares a partir de su conocimiento previo, inferencias e interpretaciones.** Por ejemplo, al leer un texto, hace comentarios que dan cuenta de su comprensión personal del mismo.

**Protect your children from advertising**
By Healthy Kids Foundation
Being a child today is very different from what it was ten or fifteen years ago. Children see thousands of advertisements on TV, on the Internet, and all around them daily. As a parent, you can help your children face "the dangers" of advertising by talking and explaining to them what advertisers do and what their intentions are.
Children need to understand that advertisers will always try to make them buy something because that is their job. They will always try to present things creatively so children end up desiring the products that companies advertise.
Finally, as a parent, you can help your children learn the differences between commercial advertising messages and other types of media messages that are produced with educational, entertaining, or informative purposes.

"I can understand from this discussion that parents have the responsibility to guide their children and let them see how advertisers can trick them"… "I also understand that not all advertisements have the same intention, and it is important to differentiate among the types ."

3

**Redacta textos narrativos, descriptivos y expositivos relacionados con temas de su interés o que le resultan familiares.** Para esto, sigue un proceso de planeación, escritura, revisión y edición. Se apoya en su profesor(a) y/o compañeros(as) de clase. Por ejemplo, sigue esta estructura para escribir un texto.

Think about and write down all the ideas that come to your mind related to the topic.

Brainstorming: advantages and disadvantages of being a vegetarian.
In a country like Colombia, vegetarians are often seen… ~~weird people~~… they do not eat meat. Colombians… ~~don´t~~ cannot understand ~~people~~ can live without eaeng meat. ~~But~~ However, there are more advantages than disadvantages in being a vegetarian.

Paragraph 1: …vegetarians have lower chances of having heart atack.

Paragraph 2: …vegetarians have lower chances of developing cancer…

Paragraph 3: …vegetarians help to preserve the environment

Conclusion: …to be a vegetarian has many advantages.

| **Being a Vegetarian in Colombia: A hard Decision** | **Tittle** |
|---|---|
| In a country like Colombia, vegetarians are often seen as strange individuals because they do not eat meat. Many people cannot understand how a person can live without eating meat. However, **there are more advantages than disadvantages in being a vegetarian.** | Introduction: Background/ general information. Thesis statement |
| **To mention a few,** according to research, vegetarians have lower chances of having heart attacks. Fatty red meat and processed meat are high in saturated fat, which increases the levels of bad cholesterol in the body and, therefore, increases the risk for heart disease. | Body paragraph 1 Topic sentence Supporting ideas |
| Studies have also demonstrated that vegetarians have lower chances of developing cancer. Every day cancer is more clearly connected to meat consumption. In short, a vegetarian diet lowers the chances of getting cancer. | Body paragraph 2 (*If needed) Topic sentence Supporting ideas |
| **Finally,** vegetarians help to preserve the environment since raising cattle for beef and milk emits a significant amount of Carbon Dioxide into the air and also consumes vast amounts of scarce resources such as water and land. When people decide not to eat meat, they contribute with the preservation of the environment. | Body paragraph 3(*If needed) Topic sentence Supporting ideas 2 |
| **In conclusion,** contrary to what many people may think, being a vegetarian has many advantages. | Conclusion. Restatement of the thesis. |

4

**Produce mensajes escritos, tales como cartas y correos electrónicos, claros y bien estructurados teniendo en cuenta el contexto en el que tienen lugar.** Para esto, utiliza el vocabulario y las estructuras de texto requeridas. Por ejemplo, al escribir un correo electrónico saluda, escribe su mensaje y se despide.

A student writes her teacher about her impossibility to attend her class.

To: Angela Castro
Cc:
Subject: Absence to class this week

Dear Ms. Castro,
I was feeling sick this morning. My head hurt, I had a rash, and I had a high fever. I went to the doctor, and he told me that I needed to rest. I have chikungunya. For this, I will not attend your class this week. I will give you the written excuse.

I will talk to my classmates to catch up. I hope that you understand my situation.

Regards,
Nathalie

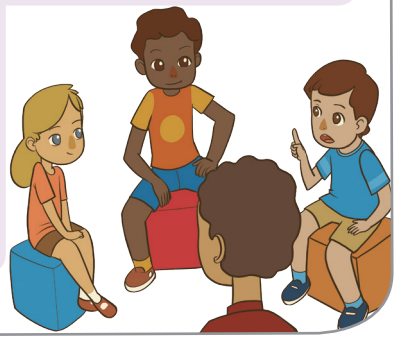

5

**Intercambia opiniones sobre situaciones de interés personal, escolar o social.** Para esto, presenta sus opiniones de manera natural y coherente y hace uso de expresiones conocidas. Por ejemplo, participa en una mesa redonda dando opiniones sobre el tema en discusión.

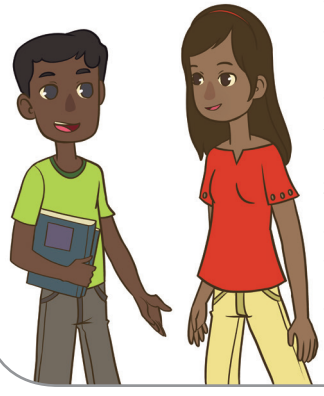

**Juan:** "Today we are going to talk about nature conservation, more specifically about Parque Tayrona. The question is: Should we open this natural park to tourism investment?"
**Diana:** "Well, first, I want to say that we have to be careful with nature. When we destroy nature, we destroy our own life."
**Carlos:** "That is true! When we cut down trees, for example, we create problems with the production of oxygen in the planet and also with the erosion of the soil."

**David:** "I understand what you all mean, but investing in the country is also important. If we open the park to tourism investment, more people will have jobs, and families will have more places to go and spend their time together."
**Diana:** "I think that more jobs and more places to visit aren't important. As I said if we destroy nature, we destroy our own life…"

6

**Sostiene conversaciones espontáneas y sencillas acerca de temas que son de su conocimiento, interés personal o académico.** Según su propósito y el conocimiento del interlocutor, es capaz de seleccionar expresiones apropiadas para iniciar, mantener y cerar una conversación. Por ejemplo:

Hi, Michael. How are you?

Hi, Erica. I'm fine. How are you?

I'm doing well. Hey! Did you watch the news last night? Nevado del Ruiz is melting! Can you imagine that?

Oh my God! It's terrible! I went there two years ago with my family, and it's an awesome place. Is there any plan to recover it?

They didn't say, but I don't think so because people don't help.

I hope somebody does something about it.

Me too. Hey! I'm running late to class. I'll see you later.

Ok. Bye.

7

**Responde preguntas e inquietudes después de hacer una exposición oral sobre temas generales o académicos de interés.** Para esto, se basa en la información consultada y organizada. Por ejemplo, aclara las dudas de una audiencia acerca de un tema como el siguiente:

**How do earthquakes happen?**
"An Earthquake is the shaking of the earth by the unexpected movement of rocks below its surface. This surface, called crust, is made of tectonic plates. These plates are independent blocks of rock. They 'crash' or move against each other and produce changes in the earth's topography. The areas where these changes happen are called fault lines…"

**Q1:** "What does topography mean?"
**Answer:** "Topography is the detailed description of an area"

**Q2:** "Are earthquakes predictable?"
**Answer:** "Earthquakes are hard to predict. The exact day, time and place of an earthquake cannot be anticipated. Scientists are trying to do it, but it is difficult."
